# Faraday

## General Roadmap 2022-2023

Energy management redefined

https://faraday.id/

# Goals and milestones in general

### Prototyping (Nov20-Nov21)

 This phase brought the engineering team to a proof of concept

#### First demo (Dec21 – Jan22)

The team planned to simulate a client-situated work between December 2021 and January 2022

### Seeding at Nexus (Feb22)

 The team is entering a startup accelerator and seed after a few months.

#### **Expansion**

The team
enters the
market after
seeding.
